JUSTICE AND RIGHT

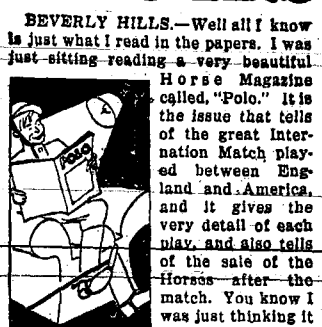

VOLUME FIFTY TWO

GRAYLING, MICHIGAN, OCTOBER 30, 1930

OSCAR P. SCHUMANN, Editor and Proprietor

NUMBER 45

Says WILL ROGERS

BEVERLY HILLS.—Well all I know is just what I read in the papers. I was just sitting reading a very beautiful Horse Magazine called "Polo." It is the issue that tells of the great international match played between England and America. It gives the very detail of each play, and also tells of the sale of the horses after the match. You know I was just thinking it might be interesting to some of you to know something especially about the horses, for you don't have to be a Polo Nut to be interested in good horses.

There was \$235,000 worth of horses sold at public auction after the games. The British sold 48 head for \$183,400. The Americans 26 head for \$73,000 and the Australians 25 head for \$77,600. The British averaged pretty near \$4,000 a horse. The Americans only about \$2,800 and the Australians \$3,000. White Slave, an English bred mare played by the English, brought \$13,000. Bucks, that was the top price, bought by Laddie Sandford, Lady Luck, another English one, owned and played by Lewis Lacey, the great Argentine and English Player, brought \$10,000, and an Australian mare, Isabel, \$10,000. Course lots of them brought \$1,500, and a thousand, but even at that price you are sitting on quite an expensive hunk of horseflesh. And you can't always tell the ones you give the more for may not turn out to be the best. The reason the Americans didn't bring as much was the fact that most of the best horses played by the American team was privately owned and was not put up for sale at all. The ones sold were just the ones that were owned by the Polo Association.

The games are pulled off under the management of the U. S. Polo Association. They guarantee the British team and all which is taken out of the gate receipts, and this year the Association had themselves bought up quite a string of Ponies for our team. Heretofore they had depended entirely on the generosity of other players loaning their best horses to the big team, but this year they bought some themselves and sold them after the games. Of course some individuals sold their horses. Charles Weinman, a fine young sportsman and member of our Clubs out here on the coast was good enough to mount Eric Pedley, the sensation of the games, and a fellow Constable. Eric had gone back there to try out a time or two before in international matches, but he never had a proper chance for he was never properly mounted, but this time Charles sent back twenty head just for Eric to play through the test matches on.

You know a horse is really from 60 to 70 percent of the game. That's about the ratio the experts figure it. If you can't beat a man to the ball why there is no use going. Its speed, and more speed that counts with those big League fellows. Us Punks can loaf around and have a lot of fun on a pack of old Hounds, but if we was among those fast fellows we would get run over.

Most of the Horses that make those big games are Thoroughbreds, or three quarters so. An awful lot of them are bred and raised on Western ranches, and lots of them have run cattle. Polo had not only been a recreation or hobby of a lot of rich people, but it's been a God-send to the Horse business. It has done more to establish the breeding of good horses than even races have. Now it is a big business, and there is dozens of men just prowling all over the west buying likely "prospects" for Polo. The game is growing so fast and the demand for horses so great that it's a real business now.

All the Colleges have taken up Polo now, and that's a great boost for it, and this thing of it costing all this money is a lot of Honey. You can buy three or four old flinty and have as much fun with the game as Jock Whitney, or Laddie Sandford, who each have perhaps a quarter to a half million just in their Polo strings alone. That's just like us buying an extra bow of Chili. The boy on the sand lot gets just as big a kick out of a home run as Babe Ruth, and the Dub Polo Player on a hired horse gets just as much kick out of making a goal as Hitchcock.

It's a great game, and it learns you to ride quicker than anything on earth for when you start hitting at the ball you forget about how you are going to stay on. You just do it unconsciously. Age don't keep you from playing it. As the Ephraim Father in law, Stew and Carey, he is in his seventies. Plays twice a week at Meadowbrook. I was 51 Saturday, and played Sunday, (after coming from Sunday School). I didn't play good, but I had as much fun missing, as the others did hitting. I am going to play till my whiskers get tangled up in the horses tail.

GENERAL ELECTION NEXT TUESDAY

SHARP CONTESTS SHOULD DRAW OUT BIG VOTE

Next Tuesday, November 4th is election day which offers not only a privilege of helping to elect the officers whom are to administer the affairs of our commonwealths but it offers a sacred duty as well. It is the duty of everyone who may be franchised to exercise the ballot. Then and only then can there be a representative selection.

There is no need of repeating here the names of the offices to be voted for nor the names of the several candidates. For the convenience of our readers we are publishing on another page in this issue of the Avalanche a copy of the official ballot. With that before you there is opportunity to study the ballot and practically determine just how you wish to vote before you go to the polls.

It is not the purpose of the Avalanche to offer suggestions as to whom to vote for on this ticket. There is no specific issue involved among the candidates for any office and it is quite generally a matter of personalities. The wet and dry question does not exist in this campaign unless it might be in the selection of U. S. senator and congressman. They are the only two officials who may have any influence in that matter. These two represent our people in Congress, the place where statutes governing such issues arise and where they are settled. State, district and county officers have no voice in that matter. We understand that Wendell for U. S. senator and Haller for congressman both on the Democratic ticket are wets. The voter must determine whether or not that principle can overbalance the other policies and abilities of Senator Courzens and Congressman Woodruff, the Republican candidates.

The candidate on the Republican and Democratic county ballots are well known to practically everyone here. Most of the candidates have reached the voters either in person or otherwise and no doubt by this time the people are quite decided just which ones they wish to vote for. All we hope for is that those who would serve the county best will win.

The Amendments

Much has already been said in this paper regarding the amendments. In our opinion there is only one that has unquestioned merit. That is the one providing for \$3,000 Homestead exemption, an increase from \$1,500. The one providing for the election of township officials bi-annually in metropolitan districts would have no effect on communities of the size of ours.

There are two amendments, however that in our opinion should be defeated. The one providing for reapportionment, if adopted, would apparently give Wayne county an unfair advantage over state affairs. That would bring about a condition similar to the one where the tail wagged the dog. In our edition of last week we quite fully offered our views on the matter. Also the amendment providing for the participation of the State in the widening, straightening and lowering of lakes and streams for the purpose of drainage. This looks like an innocent question but in our opinion it is loaded with dynamite. It would open an avenue to lavish and needless expenditures. We believe it would be a hard blow to the taxpayers of the state and believe this should be defeated.

The questions submitted on the Amendment ballot are long and confusing and we believe that in case a person is uncertain just which way to vote that it would be safer to vote NO on every question. That could do little harm at least, and a YES vote in the wrong place might do a lot of damage. We trust that every amendment ballot will be voted and

1-Basilica of St. Francis of Assisi in which King Rudi of Bulgaria and Princess Giovanna of Italy were married. 2-John Phillip Frey of Ohio, labor educator and leader of organized labor, mentioned as possible successor of Secretary of Labor James J. Davis. 3-Hundred thousand dollar beacon for lake vessels being dedicated near Detroit as a memorial to William Livingstone, a veteran shipper of the Great Lakes.

VOTE NO ON RE-APPORTIONMENT

The amendment relative to the "Number and Apportionment of Representatives and Senators in the State Legislature" is coming in for widespread condemnation throughout the State outside of Wayne and Kent counties.

The red danger light is out all over the State warning the voters against this dangerous measure. The Ingham County News, Mason, offers the following clear-cut explanation in reference to the proposed amendment:

"The proposed amendment is sponsored by Detroit and Wayne county interests. A determined effort is being made to enlist the support of other industrial centers including Pontiac, Flint, Saginaw, Grand Rapids, Lansing, Jackson, Battle Creek, Kalamazoo and other cities. Wayne county tax money is being used in an extensive campaign intended to arouse every voter in the county and as many in the other cities named as may be influenced.

"The issue is clean cut. It is plainly that of Detroit versus the remainder of the state. There should be no doubt in the mind of any voter outside the Detroit metropolitan district as to how his or her vote should be cast.

"For years Detroit and Wayne county have carried on a campaign against alleged abuses heaped upon that city and county by reason of the fact that section has been denied its fair proportion of representation. Such abuses have been and have no foundation whatever. Wayne county has never been imposed upon in taxation matters. In truth it is quite probable that Detroit is taxed less in proportion to its true wealth than proportion of the state. The fact that Wayne county may pay 40 per cent or 48 per cent or eventually sixty per cent means nothing except that assessable property to that amount has been discovered by the assessing officers. Detroit is a rapidly growing city with tremendous commercial

institutions. It is certain to increase in assessable values much more rapidly than rural sections or smaller cities.

"Cities like Lansing, Jackson, Kalamazoo and others and the counties in which they are situated would gain slightly by applying the Detroit method of apportionment. But their slight gain would be more than overcome by the fact that the balance of power would be shifted from the hands of a group representing many diversified interests of the state to a group representing a single interest with a single set of political aims and a single purpose.

"The distance from Detroit to Ironwood is greater than from New York city to the tip of the state. The distance in between are hundreds of independent towns and cities. In which Detroit is not concerned and in which Detroit is not interested. The happiness and welfare of Detroit is quite oblivious. There is no doubt Michigan this side the Niagara river and the world has not passed a day since the world has been more provincial than the average of boulevard apartments. Even the tenement dweller is broader minded in governmental matters.

"Wayne county is a rapidly growing city with tremendous commercial

SCHOOL HOLDS INTERCLASS CONTESTS

The annual interclass contests, including flag rush and banquet were held Thursday afternoon. It was a great day in which the pupils of the high school took part and which was witnessed by the faculty and pupils of all grades. Many spirited contests were pulled off each showing the superiority of the seniors and juniors in contest with the seniors and freshmen.

The flag rush, the big event of the day, was won by the sophomores and juniors in contest with the seniors and freshmen.

On Thursday evening, there was the annual school rally in the dining room of the Michelson Memorial Hotel. The church, when approximately two hundred of county supervisors, that dined and forty teachers and students participated in a well-arranged and well-served dinner. The guests of honor were the Rev. Fr. Culligan, Rev. J. W. and Mrs. Greenwood, Dr. and Mrs. Keyport, Mr. and Mrs. C. J. McAdams and in numerous members of the school board and wives had been invited, but some were unable to attend.

Superintendent Burns proved a very good toast-master and after the usual school cheer and song, interspersed and led by Miss McAllister and Neil Olson, he introduced Jerome Kessler, who in very appropriate words gave the address of welcome to the Freshman class. Brad Jarmin followed with the theme "The Ideal Student," and gave a splendid resume of what should be the characteristics of an ideal student. Mr. Cushman gave a unique analogy on Life and Athletics showing how athletics could carry over into the game of life. He predicted a winning team if we really wanted a winning team, and sat down amid the wholehearted applause of the student body. Dr. Keyport, as Chairman of the School Board stressed the need of punctuality as necessary to successful living and made a fine speech in very few words. Mr. Bates, as Secretary of the Board was in reminiscent mood and told the audience of the many students of Grayling High who had made good in the world and suggested that these others should be an inspiration for the present student's determination to succeed.

All in all, this was one of the best School rallies ever held, and we predict a bigger and better Grayling High, and congratulate the community on the leadership of so efficient a leader as Supt. Burns.

TO HAVE COUNTY TEACHERS' INSTITUTE

WEBSTER H. PEARCE, SUPT. OF PUBLIC INSTRUCTION IN GRAYLING NOV. 11TH

A telegram was received last week from Superintendent George N. Otwell giving Crawford county the opportunity of having a teachers' institute in Grayling on November 11th. Your commissioner has written Mr. Otwell, accepting the proposal.

In this movement I wish to ask the cooperation of everyone interested in the betterment of our school system. Superintendent Pearce will reach Grayling at noon Tuesday and will give an address in the afternoon. Miss Ina Kelley and Mr. Charles A. Rippehart will also give addresses in the forenoon and afternoon. Superintendent Pearce also offers to give an address in the evening if we can furnish a good crowd. What do you think about it? Superintendent Pearce is one of the most pleasing educational speakers in the state, and I took the liberty for Crawford county to reply to Mr. Otwell that I thought there would be no difficulty in securing a good-sized audience for an evening address given by our superintendent. I expect in the near future to advise with Superintendent Burns of Grayling, thus making it possible to give full particulars in the next issue of the Crawford Avalanche.

JOHN W. PAYNE, Commissioner of Schools

THREATENS SHERIFF WITH SHOTGUN

GUY BILLINGS AND THEODORE FITZPATRICK AWAIT TRIAL IN JAIL

Caught In Attempt To Rob Colored Couple's Home

Emmet Timmons and wife, both colored, had packed up their household belongings preparatory to moving to Saginaw, when, it is claimed, Guy Billings and Theodore Fitzpatrick broke in the screen door and entered the house, stealing their suitcases, grips, a Victrola and quantity of phonograph records.

They loaded them into their car and were about to leave when Mrs. Timmons returned and jumped onto the running board of the car and called for help. The men pushed her off and continued on their way.

John Anderson, a brother of Mrs. Timmons, who resided across the street from her, saw the affair and started in pursuit. Anderson says the men pulled a shotgun on him but he got away and notified Sheriff Bohlen. The latter found the men and the car parked near the Frank Goblet home on the South Side and the stolen goods still in the car.

When the sheriff arrived Billings and Fitzpatrick each had shotguns but Billings took the load out of his gun when he saw the sheriff. Fitzpatrick was on the opposite side of the car with a loaded shotgun and he is reported to have invited the sheriff to come around. Sheriff Bohlenmeyer isn't easily bluffed nor intimidated and it didn't take him long to disarm his assailant. Fitzpatrick, it is claimed, started in to fight and Bohlenmeyer struck him with his revolver.

Both men were then put under arrest and put into Anderson's car. However before the sheriff got into the car both men jumped out and lived on. Indeed the Bible would be a sorry Book were the messengers of God's unpopular men left out of it.

In this connection, we have the public reaction to a message which the people ought to have heard and did not want to hear, stated in the Book of Amos. A false prophet, a popular, back-slapping prophet tries to play to the gallery by condemning the message of the man of God by saying "The country cannot bear what he is saying" (Amos 7: 10).

It may be that our great American need, our great world need in this hour is for ministers of God's Word to whose messages the public's reaction may be stated as of old—"The country cannot bear what he is saying!" In any case, may God save us from the curse of being popular ministers. Such prophets have never fared well when the records of men have been written.

By J. W. Greenwood.

The move to make American radio successful has been successful. Now we know quite a few of our citizens who would like to make radio unconscious.

that none will be folded up without being voted at all. The big fight is on the reapportionment question. Wayne county politicians are using every effort to put it over, and are offering some pretty strong arguments but we honestly believe that for every one in its favor there are many to offset it.

Be careful how you vote. The election polls open at 7:00 a. m. and close at 6:00 p. m.

that territory has rights as well as inhabitants. Briefly its present method of apportioning representation in the upper chamber of its assembly provides that one county shall have more than one third the total number of senators and that no two adjoining counties shall be given more than half the whole number. In the house every county is given one member and every county which has a population exceeding the determined ratio by one-half is given a second representative. The remaining members of the house consisting there of 150, are divided between the counties having populations more than one and a half times the determined ratio. The district adjacent to New York city holds considerably more than one-half the entire population of the state, yet that district is held by less than one-half the whole number of senators and slightly more than one-third the entire number of assemblymen. It is a disgraceful fact that metropolitan aggrandizement in the state of New York has many times made attempts to wipe out this protection of the rights of the minority. Careful reading of the utterances of high court judges upon the subject is illuminative.

"The net effect of the Detroit amendment, if it should carry, would be at once to place in the hands of Wayne county forty per cent of the voting power and with its influence upon other districts adjoining the state would rest in the grasp of the people of a single community. The people of a single community, the great mining and lumbering interests of the north country, the great agricultural interests of the lower peninsula, the interests of the average citizen and the average citizen of Michigan will be lost to sight once such a power is secured.

"Every voter outside of Wayne must accept the challenge and vote against a measure for support of which every voter in Wayne is being importuned. Whether viewed from the standpoint of taxation or from the general standpoint of long established principle, this amendment should be defeated. If it wins now the fight is lost and no law will ever again be passed and no action taken at Lansing to which the city of Detroit is opposed. Representatives of the other 82 counties of Michigan will sit as suppliants, humbly beseeching mercy. They will no longer sit as members of an assembly of representatives of a commonwealth."

On Thursday evening, there was the annual school rally in the dining room of the Michelson Memorial Hotel. The church, when approximately two hundred of county supervisors, that dined and forty teachers and students participated in a well-arranged and well-served dinner. The guests of honor were the Rev. POTATO AND APPLE SHOW NOW ON

This week the Eighth Annual Top O'Michigan Potato and Apple Show is being held at Gaylord.

This is the leading potato and apple show in the country and all farmers and business men of the Top O'Michigan should be interested in its success.

We have arranged with the Show Association to furnish us with a complete account of the Show through a supplement to this newspaper next week. It will allow those not fortunate enough to attend to get a complete report of all activities at the Show.

Who can remember the good old days when it was regarded as rather devilish to read a novel by Bertha M. Clay?

PROSPERITY is up for election,
running to overthrow DEPRESSION.

It's for the people to decide which
will be chosen. Every man and every
woman is privileged to ballot every
day.

DEPRESSION has no rightful place
with a hundred and twenty million
people, exchanging goods and services
capable, accustomed, and willing
to work—more highly skilled than
other peoples—leaders in efficiency
and progressiveness—backed by the
vast natural resources of the United
States. When we make it possible
for the man who works to have a
job we make it possible for him to
buy food for his family and so help
all business, including that of the
farmer.

The rest of the world is of small
importance compared with that free
market of 120,000,000 people—
homogeneous—of like tastes, habits
and aspirations—living under the
same laws—free of trade barriers.
Foreign trade may be troubled by
tariffs and revolutions, but at their
peak our exports represented only
five and a half billions of dollars of
gross business in a year out of a
total American income of ninety bil-
lions.

Stagnation of circulation is what's
the matter with agriculture and with
business. Everyone can help to get
that circulation moving again.

Government can't make Prosperity
alone. Bankers and other business
leaders can't make Prosperity
alone. It's the people, united in opin-
ion and purpose and courage, who
determine Prosperity. They can elect
it—none other.

Ballots that will be validly counted
for PROSPERITY are of many kinds.
Some one of them every man and
woman can cast. For example:

Help a deserving man or a
woman to get a little "paying
work"—or, better, a regular job.
Spend wisely and not too tim-
idly, and anticipate scheduled
expenditures so far as is prac-
ticable.

Turn the deaf ear to false,
mischievous rumors; and don't
repeat them, if you do hear them.

Be willing to pay a fair price.
Don't take advantage of the
other man's necessity. Recogn-
ize that he has as good claim
to a fair profit as you.

When a vampire that fattens
on the miseries of others shows
up, help to make him unpopular.
Discourage calamity howlers.

Keep business moving, and
remember that, to the aver-
age man, his job is his particu-
lar business. When possible,
reassure him against his fear of
losing it.

Save, but save wisely, not in
fright. Invest for the profit that
sound enterprise pays and for
the added profit that will come
after the hysteria of pessimism
has passed.

**CARETAKERS HOSTS TO SUPER-
VISORS**

While the Board of Supervisors
were in session at their annual Oc-
tober meeting Mr. and Mrs. Bert Chap-
ple, caretakers of the County Infirmary,
were the hosts to the Board to-
gether with the other County Officers
at a lovely appointed dinner. The
menu consisted of:

Swiss Steak Roast Pork with
dressing
Mashed Potatoes
Creamed Carrots and Peas
Cabbage Salad Cranberry Sauce
Angie Food Cake Bread
Marshmallow Salad
Brown Cookies
Mince Pie Pumpkin Pie
Coffee

Mr. and Mrs. Chapple have proven
themselves efficient managers of this
institution which was confirmed by a
tour of inspection of the Infirmary
and buildings. They are deserving of
much credit.

Mrs. Chapple was assisted by Mrs.
Edward Moore.

**STATE TO TRADE LANDS WITH
U. S. GOVERNMENT**

Approximately 15,000 acres of land
in the upper peninsula will be ex-
changed by the Department of Con-
servation with the United States For-
est Service for lands desired by the
state.

Approval of the exchange was given
by the Conservation Commission at
its regular October meeting.

The Federal Government will turn
over to the state 15,250 acres scat-
tered through the peninsula and prin-
cipally in areas in which the Depart-
ment is attempting to block up for-
ests, game refuge and other projects.

A similar acreage having the same
real value will be decided by the
State to the Federal Government.

This land is located in the area
known as the Marquette Purchase
Unit, in Chippewa County.

The lands to be traded to the Fed-
eral Government are cut over bearing
practically no timber of merchantable
value. They are scattered through
eleven counties in the upper penin-
sula.

MUST HAVE PERMIT

A permit must be obtained by any-
one carrying a rifle in an area fre-
quented by deer at any time except
the period November 15-30, despite
the fact that seasons for small game
are open in such areas from Septem-
ber through December.

This is the opinion of Hugh E.
Green, chief conservation officer as
expressed in a letter sent to all con-
servation officers in the state. Ap-
plication forms for gun permits can
be obtained from any conservation of-
ficer. The applicant returns the paper
to the officer who sends it to the
district officer and then to the Lan-
sing office. The permit is mailed
directly to the applicant. There is no
charge or fee.

CHICAGO STOCK SHOW MARKS
THANKSGIVING

Chicago's mammoth Thanksgiving season celebration, which for the past 31 years has been otherwise known as the International Live Stock Exposition, will soon be again in progress.

This year from November 29 to December 6, the big amphitheatre, adjoining buildings, and pens out at the Chicago Union Stock Yards will, according to the assured prediction of the management of the exposition, be more than ever crammed with the finest products of the farms of not only this continent but in some instances from the very most distant parts of the world.

New South Wales Sends Grain
Among the early entries sent to the International Grain and Hay Show this year were those of wheat growers from New South Wales. These will be matched in competition with grain grown in practically every province of Canada and state in the Union where farming is of importance. The Grain and Hay Show, though a department of the International Live Stock Exposition, is in its size, scope, and importance a sizeable exposition in itself. Almost since its inception, when it was introduced eleven years ago into the ever-enlarging International, it has been the foremost competitive display of field crops in the world.

According to B. H. Heide, secretary-manager of the exposition, the closing dates on making entry of exhibits in the various departments are November 1, for all livestock classes other than the carlots; November 10, for the Grain and Hay Show; and November 22 for carlots of cattle, sheep, and swine.

Big Horse Show Planned
The International Horse Show is being planned to provide the fullest of evening entertainments. The management predicts that the International arena will be the setting for the keenest competition between the finest specimens of the leading stables of the land that meet here each year for this close and climax of the horse show season.

MEDALS FOR BYRD EXPEDITION
MEMBERS

Seventeen designs were submitted to the Navy Department in response to a request from the Bureau of Supplies and Accounts for an original and appropriate design for medals to be presented to the officers and men of the Byrd Expedition, according to the Navy Recruiting Station, Detroit. Congress on May 23, 1930, authorized the Secretary of the Navy to cause to be made at the United States Mint such number of gold, silver and bronze medals as he may deem appropriate and necessary to be presented to the officers and men of the Byrd expedition to express the high admiration in which Congress and the American people hold their heroic and undaunted services in the Antarctic Continent.

It seems to be a common opinion nowadays that what the world lacks is leaders—but how could you expect to develop many with humanity on a diet of spinach and fruit salad.

John F. Floeter, Clerk.
1930 FOREST FIRES WORST IN YEARS

Michigan's 1930 forest fire season, the worst in years and which commanded all of the fighting strength the state could muster, is now a thing of the past.

The two hundred and more tower-men and special fire wardens have been relieved of their posts in the towers and at the telephones and are building firelines in preparation for next spring's battles against the fires.

Hundreds of "fire" reports are pouring into the Lansing office of the Forest Fire Division of the Department of Conservation, and are being compiled to show the number of fires, acreages burned over, costs of suppression, causes, etc.

With figures still incomplete, Howard R. Sayre, chief fire warden, today estimated that the total acreage burned over this year would probably show approximately 225,000. The damage was the greatest since 1925 when more than 275,000 acres were burned over.

The long continued drought was as severe in the northern as the southern peninsula, aiding the spread of the flames. The largest single fire was experienced in Schoolcraft county where 25,000 acres were burned over before the fire could be checked.

Interest and active cooperation of the public in preventing fires; in reporting fires; and in assisting in fighting fires proved an important factor this year in minimizing fire losses, Mr. Sayre said.

One reason there are not more governmental upsets in Europe is that the conditions are so bad the opposition party doesn't want to get into the mess.

To the qualified electors of the Township of Beaver Creek, Crawford County, Michigan.

Notice is hereby given that an election will be held at the town hall in said township on Tuesday, November 4, 1930, from 7 o'clock in the morning until 6 o'clock in the afternoon, Central Standard time, for the purpose of electing the following officers:

The Ladies Aid of Michelson Memorial church will meet Friday, Nov. 4, at the home of Mrs. Oscar Schumann. Members will please bring money for the "R. B. Cleaner."

This ladies are sewing on pajamas, children's aprons, ladies and children's socks for the fair, Nov. 19. They make these to order if any one wishes for them.

Rev. Robert L. Cope, the pastor of Grayling M. E. church 35 years ago, died at his home in Caro Sunday at 10:30 a. m. He was 82 years of age. Let the city lay down the unchanging sidewalks and view the monotony of house fronts—the country boy has such a variety of changing things that if he has anything of the past or the artist latent within him it will be brought out by those walks through the country lanes. He sees nature dying in the fall time—blanketed with snow during the winter, and coming to new life with buds and sprouts in the springtime. The smell of plowed sods, the odor of dying weeds, the fragrance of the springtime—ever changing those sensations—ever changing the moods that go with them. There is a music of the country—songs of birds—the honk of geese as they travel southward in the fall and north in early spring—they suggest distance and space as they leisurely wind their way through the skies; what are books to that? Books are what men, other men, say about all of those things, and who cares about those others say about what you witness yourself? Least of all a carefree schoolboy.—Sibley (Iowa) Tribune.

When we read some of the criticisms of our new tariff made by so-called economic experts we are of the opinion that maybe Andy isn't so far off after all in regarding himself as a "big business man."

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, October 31, 1907
Partridges are reported very scarce this season, owing probably to the numerous forest fires during the next few months.

According to the provisions of a law passed by the last legislature, circuit court jurors will receive \$3 per day instead of \$2 as has been paid heretofore.

Nels Sorenson has bought a residence on the south side of the river and will reside here, having moved back from Houghton Lake where he has resided for the past seven years.

James Hartwick came up from Jackson for a short visit with old friends here. He is engaged in the manufacture of concrete machinery and doing well. He reports his father's health is declining.

Married—At the residence of the bride's father in this village, Oct. 23, Miss Augusta Olson and A. W. Smith, Rev. A. C. Kildegaard officiating.

Leroy Jones and wife of Shiawassee county, are guests of Mr. and Mrs. A. H. Amos for the week. It is their first visit here, and they are so delighted with the place and especially with Portage Lake that they have

already secured a lot for a summer cottage there. Such corners are always welcome.

Daniel S. Waldron, ex-Judge of Probate of this county and one of our early pioneers, now manager of the New Russell Hotel, passed the 75th milestone of his life last Sunday.

A railroad smashup near the south end of this village Monday was the result of carelessness which seems unusual. The steel gang had two rails out and sent out flagmen as usual but it is reported that the man who went south kept his flag rolled up under his arm, and the Cannon Ball came round the curve and down the steep grade past him, and were unable to stop their heavy train so that the engine, tender, and seven cars loaded with merchandise were derailed and smashed up in great shape, one car tank of kerosene was broken so the oil was all lost. A track had been laid around the wreck, delay-ing trains four or five hours. No one was seriously injured though several were severely shaken up.

Last Friday a lot of Italians at work with the R. R. steel gang near Houghton had trouble with their foreman and were given their time. They came to the village and filled up with booze enough to make them ugly, and one of them jumped onto an engine that was pulling out south. As they were ordered off by engineer Pettit when they stopped at the switch, but as they were starting went to the fireman's side and swung up on the step. Lester McPeak, the fireman, told him to get off and loosened his hand so he was obliged to let go. As they pulled out McPeak put his head out of the window but pulled it back quick as the fellow had pulled a gun and fired two shots after him, and as the engine backed around the curve onto the switch, he fired the remaining three shots at the engineer. No body hurt, but the Dago rests in jail, charged with assault with intent to commit the crime of murder.

INSTRUCTION BALLOT

Crawford County, Mich.

INSTRUCTIONS—To vote a straight party ticket make a cross (X) in the circle (O) under the name of your party. Nothing further need be done. To vote for a candidate not on your party ticket, make a cross (X) in the square [] before the name. If two or more candidates are to be elected to the same office, and you desire to vote for candidates not on your party ticket, make a cross (X) in the square [] before the names of the candidates for whom you desire to vote on the other ticket, and strike out an equal number of names on your party ticket for that office. If you do not desire to vote any party ticket, do not make a cross (X) in the circle (O) at the head of any ticket, but make a cross (X) in the [] before the name of each candidate for whom you desire to vote. If you wish to vote for a candidate not on any ticket, write or place the name of such candidate on your ticket, opposite the name of the office. Before leaving the booth fold the ballot so that the initials of the inspector may be seen on the outside.

PIANO MEDLEY A FEATURE ON
SHELL PROGRAM

On the "Sign of the Shell" program to be broadcast Saturday evening, November 1, from 7:30 to 8:00 central standard time over the NBC Red network, Art Kassel and his "Kassels in the Air" dance band will feature as the opening selection a fast-stepping piano medley with an orchestral background, and made up of "Dancing Tambourine," Rag Doll, "Doll Dance" and the "Wedding of the Birds," four of the dancing, most tuneful numbers that ever thrilled blase Broadway and the dance-loving world.

Another selection, "Hot Lips," a sizzling number described as "hotter than hot" and a favorite of youth and those with young ideas, will be played by trumpet and orchestra.

Ray Perkins, the "Old Topper," will regale radio-listeners with a new line of chatter from his bag of wise cracks and funny songs.

Happy-go-lucky, carefree Wendell Hall, master of ceremonies of the Shell show will sing the O'Flynn-Hoffman hit, "Good Evening" in the latest Red Headed Music-maker style.

BEAVER HELP IN FIGHTING
FOREST FIRES

Beaver play an important part in the suppression of forest fires in Michigan according to Harold Titus, member of the Conservation Commission and an authority on forest fire prevention and control.

Talking before the Commission during its discussion of the beaver situation in the upper peninsula, Commissioner Titus said that beaver ponds have often formed the only source of water in fighting forest fires. During the present season with a long continued drought, water was sometimes found in beaver ponds when creek beds both above and below the dams were dry. The water formed by the dams has also been useful as fire breaks.

Senator Norris is re-elected he ought to give George Sorenson a shot for having provided him with a new campaign issue.

NAVY SHIP HOMEWARD BOUND

The silhouette of the U. S. S. Pittsburgh, flagship of the American Asiatic fleet for the past four years, no longer will be a landmark on the skyline of Shanghai's "Battleship Row" after next spring, when the vessel will be replaced by one of the new crack 10,000 ton cruisers, the U. S. S. Houston, according to the Navy Recruiting Station, Detroit. During the World War the Pittsburgh served as an army transport and after the war was flagship of the American Naval forces in European waters until 1925, when she was sent home and decommissioned. Later, after being overhauled she was recommissioned and in 1926 was sent to the Far East to replace the U. S. S. Huron as flagship of the Asiatic fleet.

Anyhow we are willing to bet that the World Bank doesn't put Adolph Hitler's picture on the German reparations bonds.

STATE OF MICHIGAN

The Probate Court for the County of Crawford.

At a session of said court, held at the Probate Office in the Village of Grayling in said County, on the 14th day of October A. D. 1930.

Surviving the deceased besides his sister, Sister Mary Stella are his widow and two children, his mother, Mrs. Hannah Kearney of Reed City, two other sisters and three brothers.

C. E. Hagle who was to open a photo studio upstairs in the Avalanche office here Monday, was delayed in getting here. He arrived today, however, and is now busy getting the studio in readiness. He says he will be open for business tomorrow (Friday) and prepared to do portrait work and outside viewing and, in fact, all kinds of photography. We are sure that the most discriminating will find Mr. Hagle's work to be of the highest quality. Anyone taking the National Geographic magazine may look in the last January number and find a number of pictures in natural colors that were taken by Mr. Hagle, and that magazine employs only the most competent photographers they can obtain. He will be here only until the season opens at Miami, Florida, when he will return to resume his position as staff photographer for the Miami Daily News. Get pictures taken for Christmas while there is such a fine opportunity to do so.

Night Coughing

Quickly Relieved

Famous Prescription Gives Almost Instant Relief

Night coughs or coughs caused by a cold or by an irritated throat are usually due to conditions which ordinary medicines do not reach. But the first swallow of Thoxine, a doctor's prescription, is guaranteed to give almost instant relief. Thoxine works on a different principle, it goes direct to the internal cause, and Thoxine is pleasant tasting and safe for the whole family. It will give you better and quicker relief for coughs or sore throat than anything you have ever tried or your money will be refunded. Put up ready for sale in 25c, 50c, and \$1.00 bottles. Sold by Mac & Gidley's drug store and all other good drug stores.

People are Like That

It usually takes a jolt to make them realize what is going on around them; even the things that happen every day.

It wasn't until the 17th century that the law of gravitation was discovered. It might not have been discovered that soon if the great scientist, Sir Isaac Newton, hadn't been hit on the head by a falling apple while he was lazily resting under an apple tree.

People are like that! They have to be struck by some good thing before they give it any serious thought.

Have You Been Struck?

Many people are not aware of what they miss by not getting into the Red Arrow Game until they have attended a Red Arrow Auction and have been struck with the idea that someone else has won a prize which they themselves might have won. Have you ever been struck with that idea? Think it over and—

AN OPEN LETTER

Mr. Andrew Hart,
Register of Deeds,
Grayling, Michigan.
My dear Mr. Hart:—

Enclosed find my check for \$2.00 in payment of bill rendered
which please receipt and return to me.

I was both surprised and disappointed when I learned from
the Grayling Avalanche that you had failed of re-nomination
in the recent primary election. I have had such long and in-
timate business relations with you and it has been so satis-
factory in every respect that I could not understand why you
had lost out. A few days ago I had occasion to spend the night
in Grayling and I asked a friend whom I met at the Shop-
penagons Inn, "What was the cause of your defeat." The
answer surprised me as much as did the knowledge of your de-
feat. He declared it was "because of the bad condition of the
public records in your office."

I do not believe any one informed as to the matter could
make such a statement. I told my friend of my own experi-
ence. During the past two years I have been engaged in pro-
curing abstracts and tax histories and preparing reports as to
the condition of the title to more than 50,000 acres of land in
the Southern Peninsula of Michigan. While doing this work I
have spent at least six weeks at various county seats studying
the records in the office of the Register of Deeds. I have pro-
cured and studied nearly 400 abstracts of which over 100 ab-
stracts were prepared in your office. I think I know the con-
dition of records in Register of Deeds' offices in Northern
Michigan much better than most people. For your satisfac-
tion, Mr. Hart, I wish to state that in no office have I found
the records more convenient for examination or more carefully
executed, in no office have I received more courteous treat-
ment, in no office has my business been attended to more prompt-
ly than in the office of the Register of Deeds of Crawford
County. This statement is especially true of conditions since
you went into office. To me it seems absurd that you should
be re-nominated on the ground of lamentable con-
ditions with respect to public records in your office.

One other condition I called to my friend's attention when
discussing your defeat in the primary: I always found you
in your office attending to business. I do not recall having
ever visited your office and not finding you attending to busi-
ness. I can, however, very distinctly recall that on several
occasions when visiting the county seat of other counties on
business I have had to hunt up the Register of Deeds and have
him open up his office for my business. I sincerely believe it
best both for the county and for persons having business with
the Register of Deeds to continue you in office.

Very sincerely yours,
ORLANDO F. BARNES.
